Drug-Free Community Funds – Page 3

1. Give a brief description of your program:

The parents of juniors and seniors host an After Prom party at Manchester High School. This provides a safe environment for students without drugs, alcohol, and tobacco.

2. What portion of your project is ATOD related?

This project allows students to participate in fun activities. Students will be under responsible supervision, rather than drinking and driving, or participating in other unsafe activities.

3. What staff or volunteers will be involved with the project and what are their qualifications?

Parents of juniors and seniors who have volunteered their time to create a safe environment for our students. Faculty and administration also volunteer their time to actively be involved in safe, drug and alcohol free activities.

Drug-Free Community Funds – Page 4

4. How do you plan to fund your project in the future?

Every year funding is the responsibility of the parents. They seek donations from local businesses and organizations.

5. How do you plan to evaluate whether your goals are achieved?

There are no student car accidents that are related to drugs and alcohol. Attendance and feedback from students is encouraged. All that attend can witness that the need for drugs and alcohol to have a good time is misleading information.

Implementing Agency Signature:

I, the undersigned, affirm that I am aware of and support this proposal for funding of this program from the Local Drug-Free Communities Fund.
